FAIR HOUSING

Brazoria County receives funding each year from the U.S. Department of Housing and Urban Development to address a wide range of community development and improvement needs. Every 5 years, the County must develop a 5-Year Consolidated Plan to outline the priority needs and proposed strategies to meet the needs. In addition, the County must also develop a Fair Housing Plan which identified the impediments to fair housing choice that exist in the area and activities the County can undergo to alleviate as many of the impediments as possible.

Your input into the process is vitally important to developing these 2 documents that can drive activities for the next 5 years. We greatly appreciate your time to complete these surveys. Click on the links below to complete them online and let all of your friends, co-workers, neighbors know about the surveys.
